Indie88 would be pleased to partner with The Toronto Association of Business Improvement Areas (TABIA) for a remote event.

This promotion will include on-air mentions, social media mentions, an event listing on Indie88.com, Inclusion in the Superfriends Newsletter and more!

Indie88 will produce and broadcast commercials leading up to your event, leveraging our 500,000 weekly listeners to generate buzz and excitement.

60x30-second Broadcast commercials on a 2-week run

Day	Monday - Sunday 10 AM - 3 PM	8

All Week	Monday - Sunday 5:30 AM - 12AM	7

Digital pre-roll ads are 15-second messages that play directly before the music starts when listeners press play on our digital live stream.

This means your BIA will have the full attention of our listeners at the beginning of their listening experience, making it a powerful way to promote your upcoming event.

With digital pre-roll advertising, you can earn over 30,000 online impressions and receive a 20% share of audio pre-roll each week.
